& Stand out in the Crowd

Showgy Ma'ayeh (PhD)

Not because you feel you **have to**
but because you know you **want to.**

Be **inspired** by what you understand,
and be **driven** by what you do not.

Use your mind to **realize** who you are
and to help mankind reach its **potential.**

shun **IGNORANCE**

combat **INDIFFERENCE**

question **EVERYTHING**

and *above all...* **TRUTH.**
never be afraid of the

Covered Topics

Workshop will include group discussions and writing exercises

ANTICIPATED OUTCOMES:

This workshop targets PhD students and postdoc seeking jobs. It will help you identify your attributes and how to use these to fit a job description. The workshop will also help identify the key elements you need to address in a job application, including your CV and cover letter. You will learn about the things you should think about, including experiences and skills, before putting your application together and how to prepare yourself and your presentation for the interview.

AIMS:

- Make a choice, academia vs industry
- Know your strengths and weaknesses
- Get your CV ready
- Write your cover letter and prepare for an interview

Place: Uppsala University, Biomedical Centre (C8:317)

Date and Time: Thursday, Feb 15th 2018, 13:00-16:00
