

## NDPIA Network Meeting 11-12 April, 2016 Conference Centre Wallenberg, GU

| Day 1 11 April |  |
|----------------|--|
| 08.30-09.00    | Registration/poster mounting + coffee  |
| 09.00-09.30    | <a href="#">Introduction of the Doctoral Program (NDPIA)</a><br>Åke Forsberg and Anna Holmström, Umeå University   |
|                | <b>NDPIA international partners</b>  |
| 09.30-09.45    | <b>Norwegian Research School in Infection Biology and Antimicrobials (IBA)</b><br>Michael Koomey, University of Oslo/<br>Johanna Ericson Sollid University of Tromsø                 |
| 09.45-10.00    | <a href="#">Welcome to the Helmholtz Centre for Infection Research</a><br>Lucky Mulwa, Helmholtz Center for Infection Research (HZI),<br>Braunschweig, Germany                       |
| 10.00- 10.15   | <a href="#">ILRS Jena - unravelling the complex networks of microbial and biomolecular interactions</a><br>Christine Vogler, International Leibniz Research School,<br>Jena, Germany |
| 10.15- 10.30   | Coffee   |
| 10.30- 12.30   | <b>Speed dating</b>  |
| 12.30-13.30    | Lunch  |
| 13.30-14.15    | <a href="#">Establishment of the gut microbiota in infancy</a><br>Ingegerd Adlerberth, University of Gothenburg  |
| 14.15-15.00    | <a href="#">The infant gut microbiota and allergy development</a><br>Maria Jenmalm, Linköping University   |
| 15.00-16.30    | <b>Poster session 1</b> (odd poster numbers) + coffee  |
| 16.30-16.45    | <a href="#">Characterisation of antiviral and antimicrobial secondary metabolites from myxobacteria, actinomycetes and fungi</a><br>Lucky Mulwa, HZI/Braunschweig, Germany           |
| 16.45-17.00    | <b><i>Yersinia pseudotuberculosis</i> blocks degranulation of secondary granules in human neutrophils</b><br>Nayyer Taheri, Umeå University  |
| 17.00-17.15    | <a href="#">Analyses of the genome sequences from the <i>Streptococcus mitis</i> group</a><br>Francisco Salvà Serra, University of Gothenburg  |
| 17.15-18.45    | <b>Poster session 2</b> (even poster numbers) + snacks   |
| 19.00-         | <b>Dinner and networking + Ajibola Omokanye / <a href="#">Explainartist</a></b>  |

## NDPIA Network Meeting 11-12 April, 2016

### Conference Centre Wallenberg, GU

| Day 2 12 April |  |
|----------------|--|
| 08.45-09.00    | <b><u>Transposon-derived circular forms in <i>Acinetobacter baumannii</i></u></b><br>Nabil Karah, Umeå University  |
| 09.00-09.15    | <b><u>Rotavirus genotype shifts among children and adults in Western Sweden 2010 - 2014</u></b><br>Maria Andersson, University of Gothenburg             |
| 09.15-09.30    | <b>EF-Tu is a Cross-reactive Moonlighting Protein in Non-typeable <i>Haemophilus influenzae</i></b><br>Benjamin Duell, Lund University                   |
| 09.30-09.45    | <b>Mecillinam resistance in clinical isolates and laboratory-selected mutants of <i>Escherichia coli</i></b><br>Elisabeth Thulin, Uppsala University     |
| 09.45-10.00    | <b>Unravelling the structure and diversity of human, animal and environmental resistomes using metagenomics</b><br>Chandan Pal, University of Gothenburg |
| 10.00-10.30    | Coffee and networking (at the poster area)   |
| 10.30-10.45    | <b><u>Examining the role of cattle microbiota on colonization of VTEC O157:H7</u></b><br>Lena-Mari Tamminen, Swedish University of Agricultural Sciences |
| 10.45-11.20    | <b><u>Studying the human microbiome</u></b><br>Tony Wu, University of Gothenburg   |
| 11.20-12.15    | <b><u>Gut microbiota and metabolic disease</u></b><br>Fredrik Bäckhed, University of Gothenburg  |
| 12.15-13.15    | Lunch  |
| 13.15-14.15    | <b>Evaluation of the meeting and discussion of future activities</b><br>Åke Forsberg, Umeå University  |
| 14.15-14.30    | <b>Presentation of poster awards and closing of the meeting</b><br>Åke Forsberg, Umeå University   |
